

One Stop Shop for Precision
Moulds & Mouldings for
Automotive Interior
Components

AGENDA

- 1 Company Profile
- 2 Core Values – Vision - Mission
- 3 Industries We Serve & Company Profile
- 4 Our Journey
- 5 Quality Policy
- 6 Project Management
- 7 Mold Flow
- 8 Facility Tour
- 9 Our Expertise

My Organization Core Values

Customer First

Integrity and Honesty, Speed.

Passion

To Learn , Implement & Grow along with Team.

Innovation

Improvement , Development & Solutions, Can do Attitude.

Intrapreneur

Intrapreneurs are self-motivated , proactive, and action-oriented people who accept challenge & have leadership skills and think outside the box.

My Organization Vision

By the end of 2024, Our Vision is to be Partnering with Automotive OEM and Tier 1 suppliers by choice for Plastics Components, Sub assemblies & Value addition processes, delivering in shorter time, by using cost effective and efficient Tooling Solutions manufactured inhouse & sourced globally with latest manufacturing trends.

Number of Customers : 20

Revenue Moulds : INR 40 Cr - \$ 5 Million

Revenue Mouldings : INR 80 Cr - \$ 10 Million

Reach : Pan India / Global- North America & Europe.

Our Niche: Automotive Tooling , Injection Moulding , Assemblies & Value addition processes.

My Organization Mission

Our Mission is to be a Total solution provider company for plastic components & assemblies with cutting edge Technology, cost effective & Precision Tooling's with latest automation to accelerate mutual success.

Operating Principal's

Total Solution Provider

With streamlined processes in place, we transform creative ideas into products and concepts; and project plans into unique solutions – all delivered and installed on time and to specification.

Latest Technologies

To make use of latest manufacturing technologies in our process like High end CAD/CAM, Mold Flow software, Robotics, ERP, IOT, Industry 4.0 and Inventory enabled operations.

Cost Effective & Precision Tooling's

By offering cutting edge technologies like Mold Flow validated Mould Design, 5 axis and high-speed machining, additive manufacturing, innovative standard solutions, hardened moulds – PVD coating moulds are cost effective during Injection Molding process

Company Profile

CAM TOOLS INDUSTRIES PVT. LTD.
One Stop Shop For Precision Moulds & Moulding

Multiple Locations

Tool Room at Mumbai and Pune,
Moulding Shop at Pune.

Integrated capabilities

Mould Design, Mould Making, Mould-trials,
Mouldings and Part-assembly.

Full-Service Supplier

Precision Moulds & Mouldings for
Automotive OEM and Tier 1 suppliers.

Professional Support

Design and Manufacturing of Precision Moulds
at “Best cost” and in “Short lead-time”.

IATF Certification

**ISO 9001:2015
Certified facility**

**ECO Vadis
Certification
In process**

**VDA Certification
In Process**

Production Capabilities

Mumbai Tool Room

- Manufacturing Capacity 60-80 Moulds Per Year
- Mould Mfg. Capacity range from 50 T to 650 T
- 7500 Sq. Feet Facility
- Crane up to 7.5 Tones
- Total 5 Cranes

Pune Tool Room

- Manufacturing Capacity 40-50 Moulds Per Year
- Mould Mfg. Capacity range from 50 T to 1300 T
- 8000 Sq. Feet Facility
- Crane up to 10 Tones
- Total 2 Cranes

Pune Injection Moulding Unit

- 15 Moulding Machines from 50 T to 660 T
- Hot Stamping / Pad Printing capabilities / Ultra Sonic Welding
- 54000 sq feet – Chakan MIDC Plot
- Presently running 240 + Moulds.
- Dedicated Team - 24 X 7 Operation.
- Crane up to 30 Tones

Why Us ?

Professionally Managed
Family owned business

**Passionate Mould Maker & Advancing
towards Injection Mouldings**

All Facilities
Under one roof

Dedicated Project Management
For on time delivery with strong Techno commercial
Communication Skills.

At Par Quality
With imported Moulds

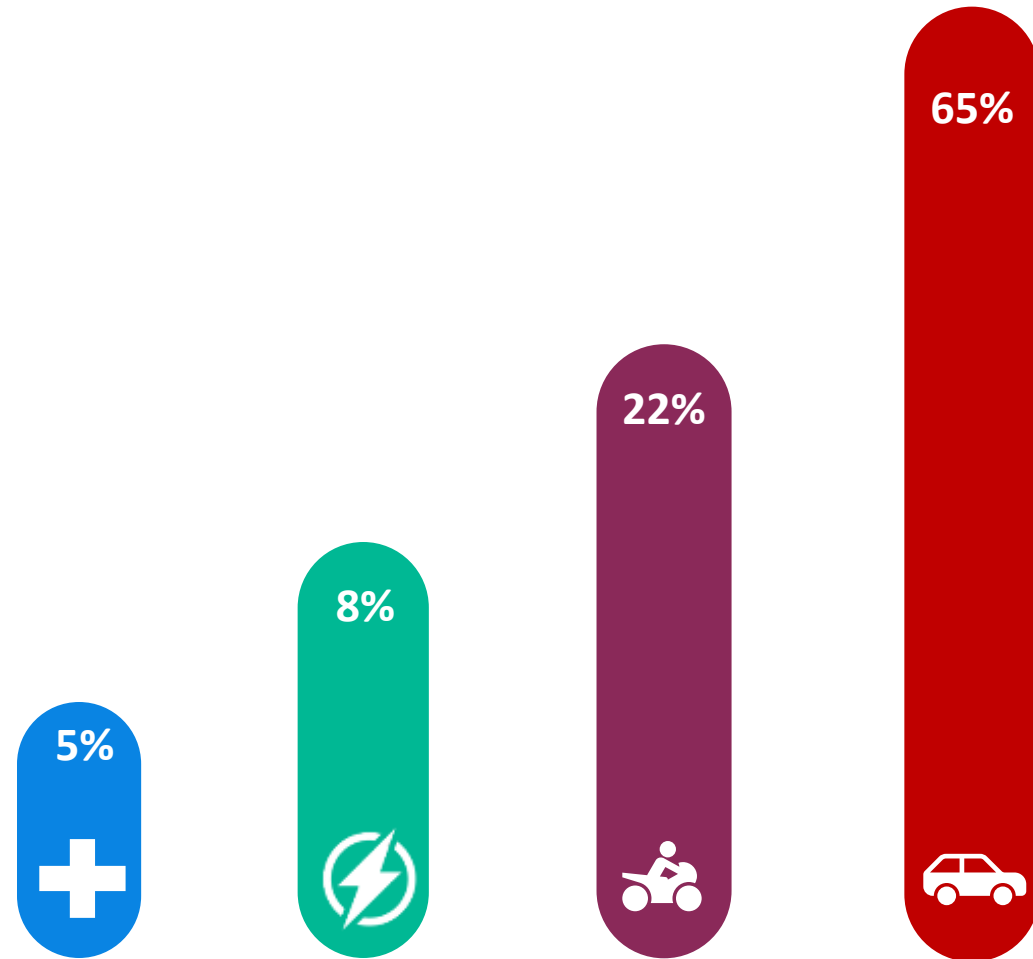

Quick Response Time

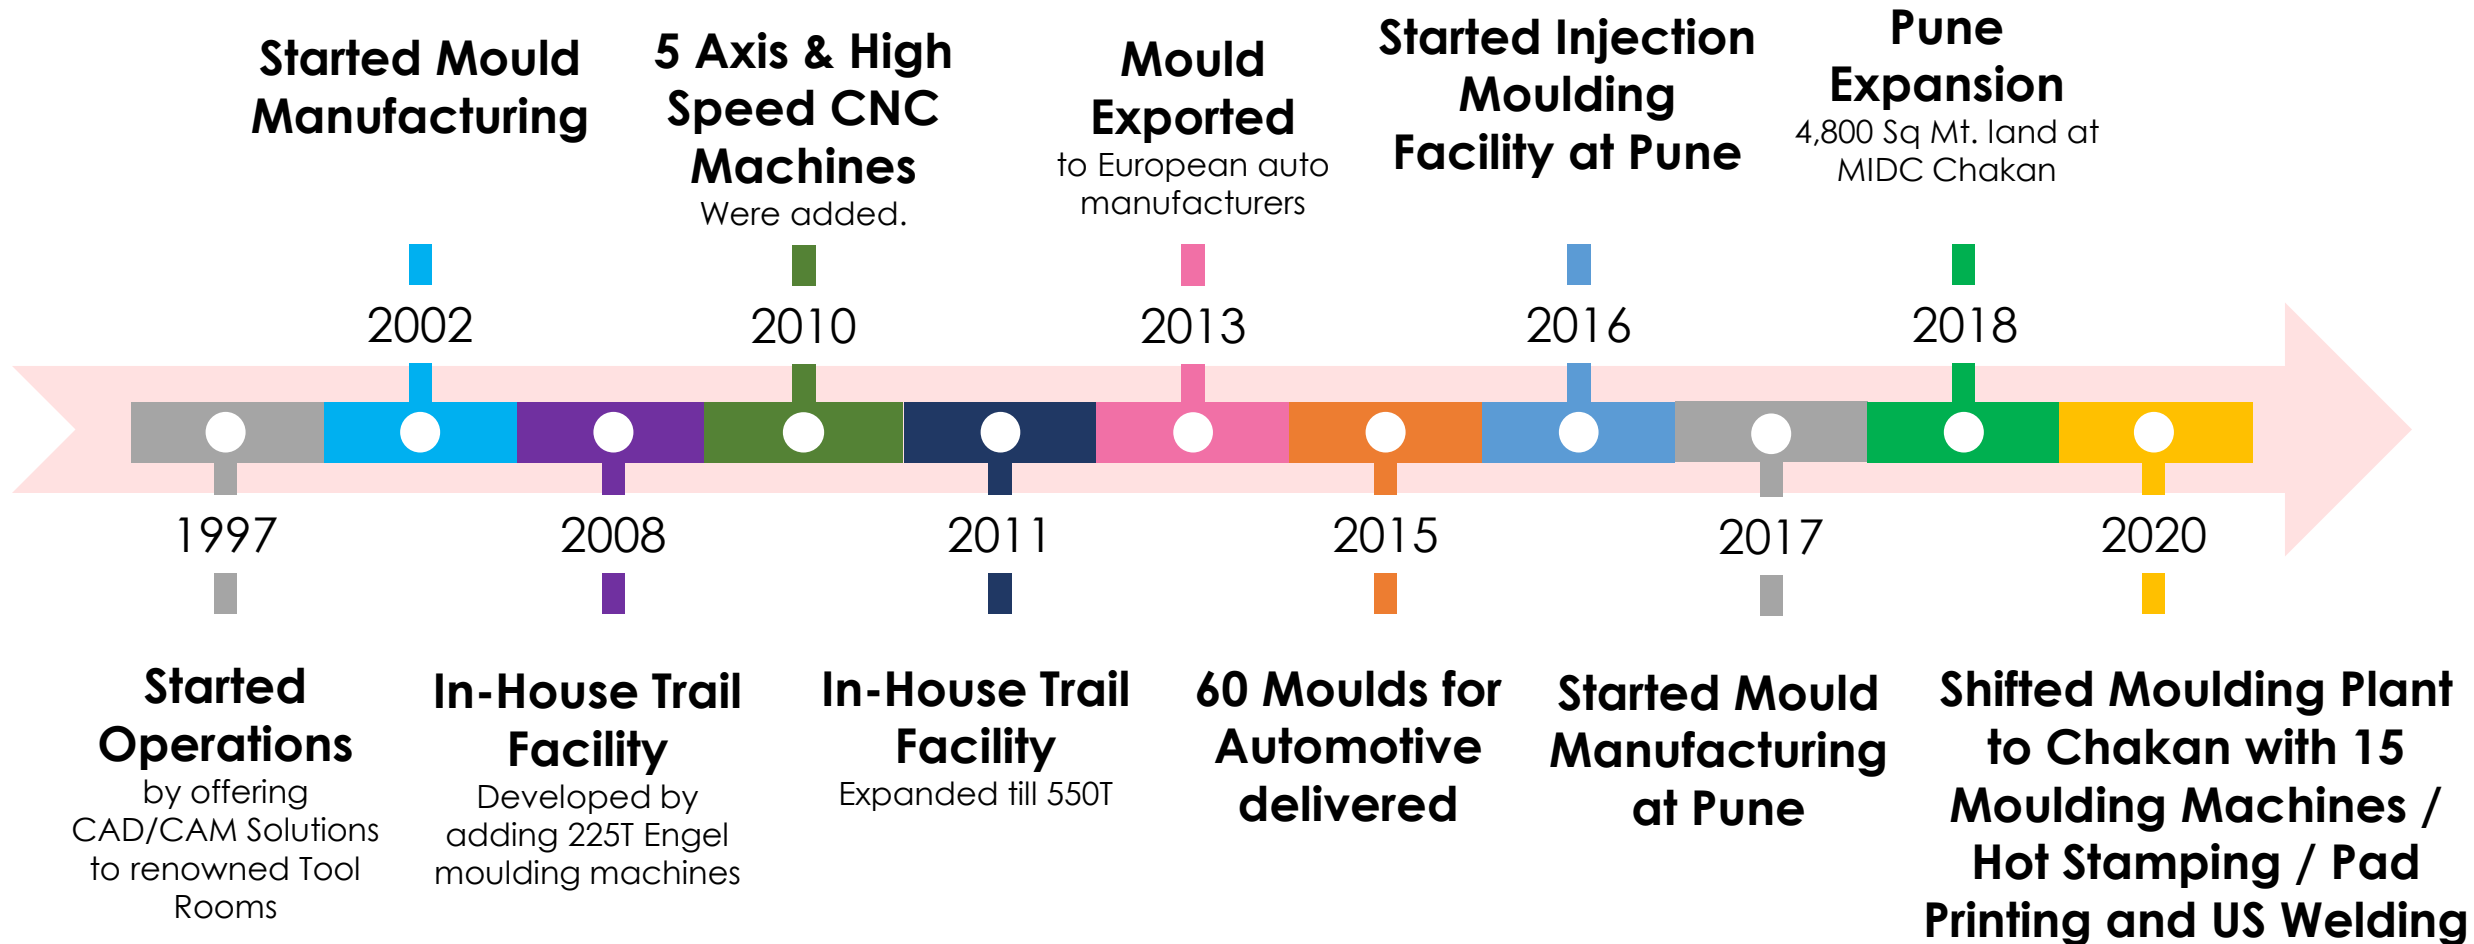

Industries We Serve

87%

of moulds we made
in last 3 years were
from **Automotive**
Segment

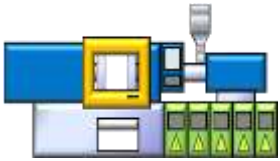

Our Journey

Expansion Plan 2022 – 2024

For Injection Moulding Shop & Tool Room at Pune

Injection Moulding Plant

- Moulding Machines up to 1300 T capacity.
- 2K Injection Moulding.
- Special Process

Mould Manufacturing

- Increase Capacity from 850 T to 1300 T.
- Double Column CNC Machine
2.5 Meter X 1.6 Meter with Positional 5 axis.
- Die Spotting Press of 400T with Table size
2.5 Meter X 1.6 Meter

Recruitments

- For Tool Room Team.
- For Injection Moulding Plant

Industrial Land -

Adding additional Land Bank of 45,000 Sq Feet – Total Land 2.5 Acres
